

Optek OPIA Series Optocouplers

Optek dramatically expands its offering of Optocouplers introducing the OPIA series in both surface mount and DIP packages. With electrical isolation specifications of up to 5,000 Vrms, these miniature Optocouplers are ideally suited for a variety of applications where the isolation of two power circuits is required.

Market Segments

- Industrial
- Office Equipment
- Medical
- Mobile Communications
- Consumer Electronics

Applications

- Copiers
- Robotic Controls
- Medical Equipment
- Instrumentation
- Industrial Control Equipment
- Vending Machines

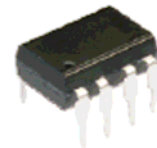

Advantages and Benefits

- High Isolation Voltage
- Small Size
- Package Options (SMD T&R, SMD Tube, DIP Tube)
- High Current Transfer Ratio
- High Speed

Competitors

- Everlight
- Osram
- Vishay
- Fairchild
- Liteon
- Sharp

Why Optek?

- Over 35 years experience in infrared technology
- On shore technical, engineering and customer support.
- Totally focused on optoelectronics
